- 06-16-1984 -- moved out of 8 H.L. - completely. Howard Yepsen helped me move the CHS+M materials to City Hall that I had at 8 H.L. Spent the night at the Golf Course -- the first time in a long long time, probably 14 months or longer.
- 06-17-1984 - John K. built my "pantry" - put up two shelves & attached the two blue cabinets to the side wall; also covered up the hole in the wall of the pantry.
- 06-20-1984 - First night to sleep over at Elkdale -- prefler, incredibly clear night & very bright stars -- most exhilarating! Windows bombarded by moths as I sit at my marble-topped desk. The electricity was connected by PPL on 06-19-1984.
